**THIS FUNNY AND TOUCHING STORY** delves into the backstage and personal life of two brothers, Ralph and Carter Stanley. It contains some of the great songs made famous by The Stanley Brothers - songs that will have you singin' along and flat-footin' in the aisles. It reveals their struggle to find an audience for their music. Folk, traditional gospel, and bluegrass were the music of their home in the hills of Virginia and they remained loyal to their roots. It includes their 2002 Grammy Award-winning songs from the movie "O Brother, Where Art Thou"? Starring Upstate Bluegrass Musicians: Mitch and Perry Keown. Also, be sure to catch the pre-show featuring the Jimmy O Trio!

# SO long on LONELY STREET

WRITTEN BY                      DIRECTED BY  
*Sandra Deer*                      *Joe Merck*

**A ZESTY POIGNANT AND FIERCELY FUNNY COMEDY.** In addition to this family's turf battle, the plot also deals with the unexamined assumptions that most families live by. Family members have been suppressing secrets; and each member eventually realizes that some seeming impossibility has come to pass. While all the clever plotting is going on, the characters interact with rowdy humor, so integral to their personalities. Lonely Street seems more a slice of life than just a great play.
